BOIL WATER NOTICE LIFTED

ESTE INFORME CONTIENE INFORMACIÓN MUY IMPORTANTE SOBRE SU AGUA POTABLE.

TRADÚZCALO O HABLE CON ALGUIEN QUE LO ENTIENDA BIEN

The Boil Water Notice issued on Friday, January 12, 2018 has been lifted effective today, Wednesday, January 17, 2018, for the Oneida Water System.

What happened? What is being done? When will the problem be corrected?

A water main break occurred, which resulted in a loss of water pressure and discolored water in the distribution system. This caused the chlorine level to drop below the state required minimum level at the well station serving your community. Two sets of samples were collected from the distribution system on Monday, January 15 and Tuesday, January 16 and tested for total coliform bacteria. Results from both sets of samples were absent of total coliform bacteria on Wednesday, January 17, 2018.

It is no longer necessary to use boiled water or bottled water for drinking, making ice, brushing teeth, washing dishes and food preparation.

Aqua is committed to providing quality water and service to its customers. We apologize for the inconvenience and thank you for your patience. Although this matter has been resolved, if you have any questions or concerns, please contact Aqua's Customer Service at 877.987.2782.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
